

## CROSSROAD NEWS BLOG

### We're going blog-style!

The Crossroad Newsletters which we have published over the last year will be replaced by the Toe to Heart Crossroad News blogs as we would like to share smaller and bigger news with you at a more regular frequency as bigger and smaller things are happening.

### Toe to Heart World Initiative

Toe to Heart aims to collaborate more with other small organizations and that's why we have started our Toe to Heart World Initiative. One of the organizations we aim to collaborate with is Estrela de Favela in Rio de Janeiro, Brazil. See their profile on our website:

<https://www.toetoheartworld.com/single-project>

and a bigger version of the flyer. They organize on June 1st a Charity Dinner in Amsterdam and as we have visited this project last year, we can say they are worth all your support, especially now.

### Many new volunteers

As you know Toe to Heart is in a Transition phase with a lot of new volunteers. On 9 April 2024 we organized a virtual volunteer meeting to brief volunteers about Toe to Hearts developments and volunteers took the chance to present themselves. One of our volunteers Pam Hendrix, student at Tilburg University wants to share her experience:

“ The atmosphere in the meeting was very heartening and it was nice seeing the faces behind all the great efforts. Now, with familiar faces in mind, reaching out to fellow volunteers feels more accessible. All in all, the meeting was great for the further development of Toe to Heart. ”

## Interested in helping us in our mission?

Do you want to help and become a volunteer too or help in any other way. Check our page:

## Wrap up

We wish people in the Netherlands a **Happy Kings Day** and May Holidays! In India currently the elections are going on, over a six-week period hundreds of millions of Indians will vote. We wish that education will be affordable for every Indian child soon.

Next month more news about a planned activity in June/ July in the Netherlands.
